

Monthly Programme Report
Sree Narayana College, Chempazhanthy BMC

Institution Name: **Sree Narayana College, Chempazhanthy**

BMC Code: **TVM/2009/02**

ProgramTitle: **Observance of National Energy Conservation Day 2024**

Program Category: Awareness program(Seminars/symposia/workshops/others)	Activity Type: Awarness Program	No.of participants: 36
Planned Date: 19-12-2024	Renewed date: -	Program Date: 25-05-2025
Budgeted Amount: Rs 0/-	Total expenditure: Rs 0/-	Balance: Rs 0/-

Brief Report

National Energy Conservation Day 2024-Report

On December 19, 2024, S.N. College, Chempazhanthy, organized an insightful program to celebrate National Energy Conservation Day. The event aimed to raise awareness about the significance of conserving energy and adopting sustainable energy management practices. Dr. Binushma Raju, the coordinator of the event and a renowned resource person in the field of energy management, graced the occasion with her enlightening talk. Addressing a hall filled with enthusiastic students, she emphasized the pressing need for energy conservation in the context of growing environmental challenges. Dr. Binushma elaborated on the crucial role energy conservation plays in combating climate change, reducing environmental degradation, and ensuring the availability of resources for future generations. The session covered practical techniques for energy management, including the efficient use of household appliances, the adoption of renewable energy sources, and reducing energy wastage in daily activities. Students actively participated in the interactive session, asking insightful questions and sharing their own thoughts on energy-saving practices. Their engagement highlighted their keen interest in understanding the subject and implementing it in their lives. Real-life case studies were discussed, showcasing how energy conservation strategies have positively impacted communities and industries. This celebration not only educated the participants about energy conservation but also inspired them to take actionable steps toward a sustainable future.
